

BAYS Availability

Please make sure you have your availability for BAYS games updated. Keep doing this as your schedule changes. If your availability is not entered into BAYS, you will not be assigned games. If you say you are available and then cannot go to a game because you are busy, you will lose games.

- 1) Go to the BAYS website and log in
- 2) Go to the My Bays tab
- 3) Scroll down to the Referee tab
- 4) Go to the Availability tab
- 5) Input the dates and times you are unavailable. Click add afterwards.
- 6) Keep updating as your schedule changes
